

DUST AND SLURRY EQUIPMENT

HUSQVARNA BLASTRAC DC 900

Art.no: 970 69 37 01

The Blastrac DC 900 dust collector is specially designed to connect with the Husqvarna Blastrac EBE 900V vertical steel blaster. Blastrac DC 900 is a heavy duty, extremely powerful dust collection system made of two units: the dust collection unit and the fan unit. It is equipped with 20 high quality M-class cartridge filters. The filters are easy to clean thanks to the automatic pulse filter cleaning system. The dust is collected in one easy and quick to replace big bag system. Can be equipped with an optional drive system that makes it very easy to manoeuvre despite its size.

FEATURES

Easy and quick bag system

The dust collector is equipped with one easy and quick to replace big bag system.

Continuous work without interruption

The dust collector is equipped with rotating valves to disperse the collected dust into the big bag during operation. It is possible to change the bag during operation without interrupting the steel blasting process.

20 easy to clean filters

The dust collector is equipped with 20 high quality M-class cartridge filters which are automatically cleaned by the pulse cleaning system.

TECHNICAL DATA HUSQVARNA BLASTRAC DC 900

Art.no: 970 69 37 01

HUSQVARNA BLASTRAC DC 900

MOTOR

Rated input power	17 kW
Phases	3 ph
Voltage	400 V
Rated current	32 A
Frequency	50 Hz
Power Source	Corded

PRODUCT DATA

Air flow	4,000 m³/h
Container Capacity	385 l

DIMENSIONS

Product size length	2,250 mm
Product size width	1,365 mm
Product size height	1,976 mm
Weight (complete product w/o side packed articles)	1,360 kg
Packaging length	1,500 mm
Packaging width	2,300 mm
Packaging height	1,560 mm
Article gross weight	948,000 g
