Stainless Steel Pump

Features

Convenient to Move

Stylish appearance, compact design, easy to move, and space-saving.

Industrial-Grade Motor

Six-pole, low-speed motor with low noise, high durability, and long service life.

Intelligent Soft Start

Soft starter ensures smooth motor start-up, reducing wear and extending service life.

Premium Plunger Pump

High-performance stainless steel pump with alloy plungers and premium seals for durability and long-term stability.

Low Water Level Protection

Large-capacity stainless steel water tank with float valve prevents the pump from dry running and protects the machine from damage.
